

ETHICAL SHADOWS

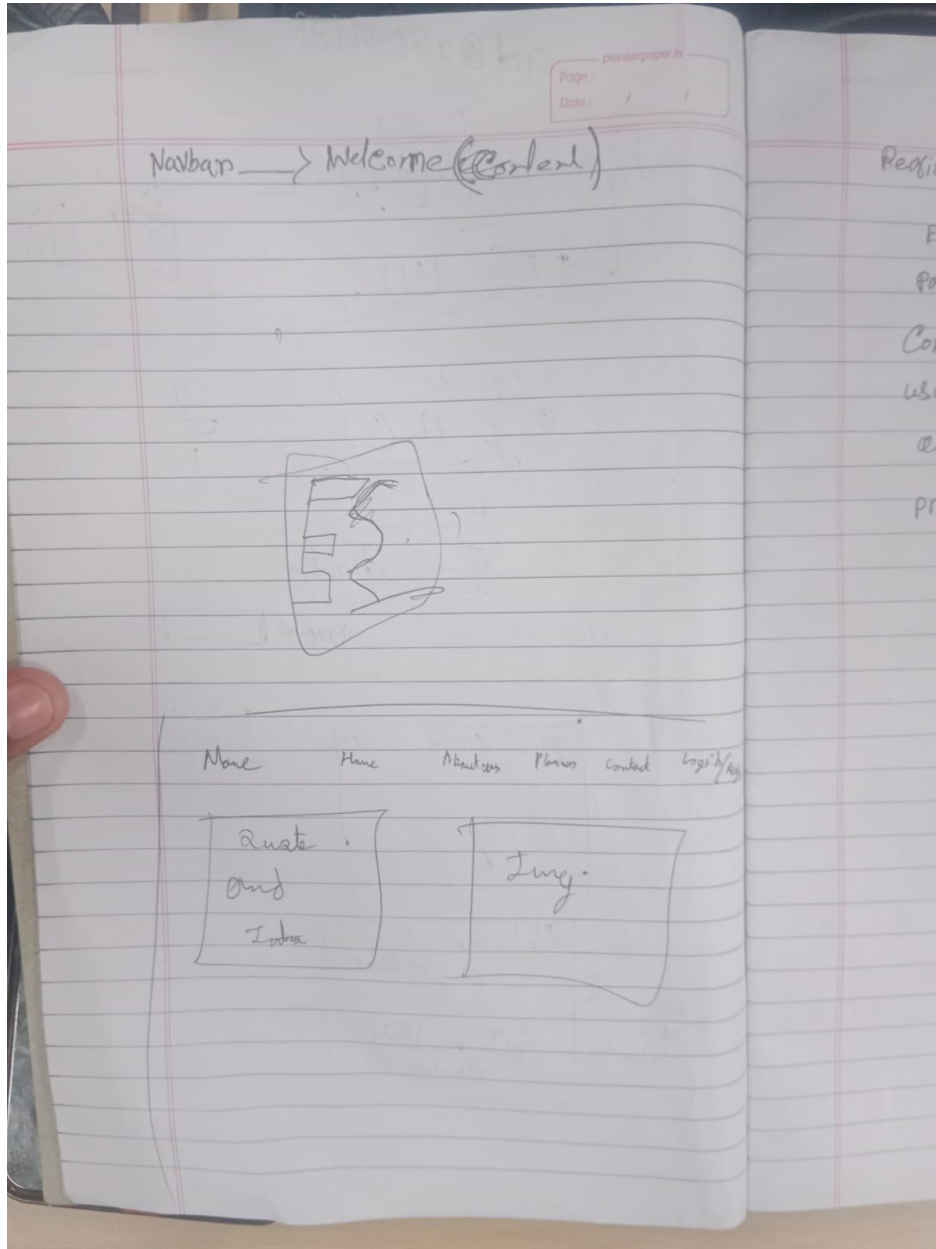

STAGE 1 REPORT

SUMMARY

Ethical Shadow is a website for personal use to manage your finance ...tool designed for students to track and manage monthly expenses. It features a user-friendly login page and a dynamic pie chart that visualizes spending across categories like groceries, rent, and transport. Built with HTML, CSS, JavaScript (Chart.js), PHP, and phpMyadmin it helps users gain financial awareness and develop better money habits through real-time data insights.

Explore Your destiny

Trusted Money Management System

Ethical Shadow is your smart, student-first finance assistant — helping you track spending, save better, and take charge of your money with confidence.
